TASK 4: CAPSTONE PRACTICAL TASK, QA AND PROFESSIONAL DISCUSSION EVIDENCE

Autocare Technician Level 2 | Block 10 | v2.1

TIME	EVIDENCE	PROGRAMME POINT
60 minutes	**Practical | Knowledge | Documentation**	**Weeks 95-110**

Your task

You must complete a capstone practical task that brings together technical work, safe working, documentation, quality checks and professional explanation. The task should be agreed with the assessor/workplace mentor before starting.

What you must do

1. Agree the capstone task scope with the assessor/workplace mentor.
2. Prepare the vehicle/rig, tools, technical information and safety controls.
3. Complete the task following the agreed method statement.
4. Carry out quality checks and record evidence.
5. Explain the outcome and complete final documentation.

What good evidence looks like

SAFE SETUP
Suitable PPE, a prepared work area and controlled vehicle or equipment.

CORRECT METHOD
A logical sequence using the relevant procedure and technical information.

ACCURATE EVIDENCE
Actual readings, findings and actions recorded clearly and precisely.

SOUND DECISIONS
Appropriate recommendations, referral or authorisation supported by evidence.

You will need

- Light vehicle or approved training rig
- Task brief agreed with assessor/workplace mentor
- Relevant tools and technical information
- QA checklist and job card
- PPE and Apprentice Assessment Record

SOW ALIGNMENT

Block 10 - EPA Preparation and Final Assessment Readiness
Duties: All duties consolidated KSB evidence focus: All KSBs revisited and evidenced

Safety-critical findings and immediate action

Work completed, findings and recommendations

Knowledge check

1. How did you plan the task before starting?

2. What safety controls were most important?

Knowledge check - continued

3. (a) How did you confirm the work was completed correctly? (b) What evidence would you upload to the portfolio?

4. How did the task show independence or teamwork?

5. (a) How would you explain the work to a customer? (b) What learning point will you take into EPA preparation?

Assessor/Workplace Mentor observation

- ☐ Plan and complete a practical task using workplace procedures.
- ☐ Apply safe working, tool control and documentation standards.
- ☐ Carry out quality checks and record evidence.
- ☐ Explain the work completed and any recommendations.
- ☐ Prepare evidence suitable for portfolio/EPA readiness.
