TASK 3: EV/HYBRID CUSTOMER HANDOVER AND CHARGING AWARENESS

Autocare Technician Level 2 | Block 9 | v2.1

TIME	EVIDENCE	PROGRAMME POINT
60 minutes	**Practical | Knowledge | Documentation**	**Weeks 81-94**

Your task

A customer asks for advice after an EV/hybrid service or warning message. You must complete non-invasive checks, prepare a customer handover explanation and identify safe referral points.

What you must do

1. Confirm the customer concern and check available vehicle information.
2. Identify visible EV/hybrid components, warning labels and charging information.
3. Record any non-invasive observations or advisory notes.
4. Prepare a customer handover explanation including limitations.
5. Explain referral requirements and complete documentation.

What good evidence looks like

SAFE SETUP
Suitable PPE, a prepared work area and controlled vehicle or equipment.

CORRECT METHOD
A logical sequence using the relevant procedure and technical information.

ACCURATE EVIDENCE
Actual readings, findings and actions recorded clearly and precisely.

SOUND DECISIONS
Appropriate recommendations, referral or authorisation supported by evidence.

You will need

- EV/hybrid vehicle, rig or case-study pack
- Charging information or customer FAQ sheet
- Manufacturer safety information
- HV awareness PPE where appropriate
- Apprentice Assessment Record

SOW ALIGNMENT

Block 9 - Emerging Technology, EV and Hydrogen
Duties: 1, 2, 4, 5, 8, 10 KSB evidence focus: K18-K23, S10-S15, B1, B2

Work completed, findings and recommendations

Knowledge check

1. What information should be included in an EV customer handover?

2. Why must high-voltage components not be disturbed at this level?

Knowledge check - continued

3. (a) What customer concerns are common with EV range or charging? (b) How should limitations of the inspection be explained?

4. What evidence should be recorded for referral?

5. (a) Why is accurate customer communication important with emerging technologies? (b) How would you respond if the customer asks for work beyond your competence?

Assessor/Workplace Mentor observation

- ☐ Carry out safe EV/hybrid awareness checks.
- ☐ Record charging or warning information without invasive HV work.
- ☐ Explain customer guidance in plain English.
- ☐ Identify when specialist referral is required.
- ☐ Document safe limitations and next steps.
