BLOCK 6 LEARNING IMPACT RECORD

Vehicle Systems Integration and Advanced Diagnostics

Weeks 51-60 | Months 13-15 | Knowledge, skills and behaviours reflection | Distance travelled | v2.1

Record details

Apprentice name

Employer

Workplace Mentor

GTA Trainer

Block start date

Block end/reflection date

Complete in two stages. At the start, discuss the six knowledge, skill and behaviour areas and enter only the START scores. At the end, enter the END scores. These plain-English areas support review and do not replace the formal KSB mapping or assessment record. Use: 1-2 little/no experience; 3-4 close support; 5-6 some support; 7-8 usually safe and consistent with limited support; 9-10 independent within role and able to explain/verify.

Block knowledge, skills, behaviours and scores

Score each area out of 10

KSB AREA	Block outcome and relevant workplace examples	START /10	END /10
K KNOWLEDGE Area 1	Explain integrated electrical, electronic and climate-control principles. Workplace examples: System interaction; scan/data use; circuits; sensors; climate performance checks.		
K KNOWLEDGE Area 2	Explain EV, charging, compliance and permitted-work boundaries. Workplace examples: Electrical hazards; F-gas limits; technical parts; lifting; records; waste controls.		
S SKILL Area 3	Diagnose integrated system faults and verify the outcome. Workplace examples: Scan information; circuit tests; data comparison; root cause; confirmation checks.		
S SKILL Area 4	Inspect, plan and document work within permitted boundaries. Workplace examples: Climate checks; EV awareness; task sequence; parts; quotations; safe support; records.		
B BEHAVIOUR Area 5	Follow compliance and stop/escalate work outside authority. Workplace examples: Use approved procedures; protect others; maintain records; refer regulated work.		
B BEHAVIOUR Area 6	Support productivity, teamwork and customer communication. Workplace examples: Plan time; help colleagues; report delays; explain progress; maintain quality.		

START: What KSB experience do you already have?

START: Main development priority for this block

BLOCK 6 LEARNING IMPACT RECORD

Vehicle Systems Integration and Advanced Diagnostics | KSB reflection and distance travelled | Complete after block training and assessment

Complete this page after training and assessment. Compare the START and END scores on page 1 and use real workplace or training evidence. Scores show distance travelled; they do not replace formal assessment decisions.

End-of-block reflection and evidence

What knowledge can you now explain, skills can you apply, and behaviours can you demonstrate that improved during this block?

Evidence example 1 - task, your role and result

Evidence example 2 - task, your role and result

Evidence references - for example job card, task, observation, photo, feedback or portfolio reference

Which area changed most, and why?

What still needs practice, support or assessment?

Workplace Mentor / GTA Trainer confirmation

- ☐ Evidence supports improved knowledge and understanding.
- ☐ Evidence supports safe and competent skill application.
- ☐ Relevant workplace behaviours are demonstrated consistently.
- ☐ Further practice, support or assessment is required.

Reviewer comments - confirm knowledge, skill and behaviour progress, relevant evidence and any limits to the judgment

Agreed next action(s), responsible person and target date
