BLOCK 8 LEARNING IMPACT RECORD

Emerging Technology, Specialist Surfaces and Sustainability

Weeks 101-114 | Months 26-29 | Knowledge, skills and behaviours reflection | Distance travelled | v2.1

Record details

Apprentice name

Employer

Workplace Mentor

GTA Trainer

Block start date

Block end/reflection date

Complete in two stages. At the start, discuss the six knowledge, skill and behaviour areas and enter only the START scores. At the end, enter the END scores. These plain-English areas support review and do not replace the formal KSB mapping or assessment record. Use: 1-2 little/no experience; 3-4 close support; 5-6 some support; 7-8 usually safe and consistent with limited support; 9-10 independent within role and able to explain/verify.

Block knowledge, skills, behaviours and scores

Score each area out of 10

KSB AREA	Block outcome and relevant workplace examples	START /10	END /10
K KNOWLEDGE Area 1	Explain emerging-technology risks and OEM restrictions affecting paint work. Workplace examples: EV/high voltage; ADAS sensors; radar/camera bumpers; paint thickness; exclusion/referral.		
K KNOWLEDGE Area 2	Explain specialist substrates, finishes and sustainable refinishing. Workplace examples: Aluminium/steel controls; carbon/GRP/plastics; matte/satin; UV; efficient bake cycles.		
S SKILL Area 3	Use technical data to plan safe work on specialist surfaces and vehicles. Workplace examples: Identify materials/sensors; select process; control contamination; respect no-polish limits.		
S SKILL Area 4	Apply digital, environmental and emergency-control processes. Workplace examples: Digital repair data; energy settings; UV exposure; waste/VOC control; fire/spill response.		
B BEHAVIOUR Area 5	Recognise limits, protect others and escalate emerging risks. Workplace examples: Signage/exclusion; referral; follow OEM data; stop unsafe work; report incidents.		
B BEHAVIOUR Area 6	Adapt, learn and communicate responsibly about new technology. Workplace examples: Explain limitations; seek updates; improve sustainability; support colleagues; action-plan gaps.		

START: What KSB experience do you already have?

START: Main development priority for this block

BLOCK 8 LEARNING IMPACT RECORD

Emerging Technology, Specialist Surfaces and Sustainability | KSB reflection and distance travelled | Complete after block training and assessment

Complete this page after training and assessment. Compare the START and END scores on page 1 and use real workplace or training evidence. Scores show distance travelled; they do not replace formal assessment decisions.

End-of-block reflection and evidence

What knowledge can you now explain, skills can you apply, and behaviours can you demonstrate that improved during this block?

Evidence example 1 - task, your role and result

Evidence example 2 - task, your role and result

Evidence references - for example job card, task, observation, photo, feedback or portfolio reference

Which area changed most, and why?

What still needs practice, support or assessment?

Workplace Mentor / GTA Trainer confirmation

- ☐ Evidence supports improved knowledge and understanding.
- ☐ Evidence supports safe and competent skill application.
- ☐ Relevant workplace behaviours are demonstrated consistently.
- ☐ Further practice, support or assessment is required.

Reviewer comments - confirm knowledge, skill and behaviour progress, relevant evidence and any limits to the judgment

Agreed next action(s), responsible person and target date
