APPRENTICE INSTRUCTIONS

Panel L3 Block 9 - Supplementary Damage Report and Repair Plan Update **v1.0**

Task Reference	Block_9_Task_3_Supplementary_Damage_Report_and_Repair_Plan_Update_v1.0
Block	Block 9 - Commercial Workflow, Supplementary Damage and Portfolio Consolidation
Weeks	Weeks 129-144
Duties covered	D8-D10 plus all duties revisited
KSBs covered	K6, K8, K9, S1-S8, B1-B7
Estimated duration	60 minutes
Assessment type	Practical / knowledge / documentation

Scenario

Additional damage has been found after the original repair plan. You must record the evidence, update the repair plan, identify parts and labour impact and prepare a clear communication note for approval.

Objectives

- Identify and evidence supplementary damage.
- Update a repair plan using clear technical and commercial information.
- Record parts, labour, time and approval implications.
- Prepare communication for customer, VDA, insurer or supervisor review.
- Show how accurate updates support workflow and productivity.

Materials you need at the workstation

- Damaged vehicle, panel or case-study scenario
- Original estimate or repair plan
- Supplementary damage form and job card
- Camera/tablet and evidence log
- Parts/labour information and communication template

APPRENTICE INSTRUCTIONS

Panel L3 Block 9 - Supplementary Damage Report and Repair Plan Update **v1.0**

Practical task instructions

1. Compare the original repair plan with the newly identified damage.
2. Capture evidence and describe the supplementary damage accurately.
3. Identify additional parts, materials, labour and time implications.
4. Prepare a communication note requesting authorisation or repair-plan update.
5. Complete the record and explain how the update affects workflow.

Apprentice Assessment Record

Vehicle make		Mileage	
Vehicle model		Chassis number	
Vehicle reg		Job card number	
Panel / area		Apprentice group	

Brief description of work carried out and any further recommendations

PPE worn, special precautions and safety controls used

Photographic evidence, job-card or portfolio reference

APPRENTICE INSTRUCTIONS

Technical data and measurements

Original estimate ref		Hidden damage found	
Evidence photo IDs		Additional parts	
Extra labour/time		Customer/insurer update	
Revised completion time		Approval status	

Special tools, technical data, calibration, material controls or method references

Knowledge questions

1. What counts as supplementary damage?

2. Why must additional damage be evidenced before the repair plan is changed?

3. How can supplementary damage affect workshop workflow and completion times?

Knowledge questions continued

4. What information should be included in a communication note for approval?

5. Why is it important not to start additional work without authorisation?

6. How does accurate reporting reduce disputes and rework?

7. What evidence should be uploaded to the portfolio for this task?

Assessor observation notes
