BLOCK 3 LEARNING IMPACT RECORD

Fillers, Primers, Masking and Corrosion Protection

Weeks 29-42 | Months 8-11 | Knowledge, skills and behaviours reflection | Distance travelled | v2.1

Record details

Apprentice name

Employer

Workplace Mentor

GTA Trainer

Block start date

Block end/reflection date

Complete in two stages. At the start, discuss the six knowledge, skill and behaviour areas and enter only the START scores. At the end, enter the END scores. These plain-English areas support review and do not replace the formal KSB mapping or assessment record. Use: 1-2 little/no experience; 3-4 close support; 5-6 some support; 7-8 usually safe and consistent with limited support; 9-10 independent within role and able to explain/verify.

Block knowledge, skills, behaviours and scores

Score each area out of 10

KSB AREA	Block outcome and relevant workplace examples	START /10	END /10
K KNOWLEDGE Area 1	Explain repair planning, fillers, primers and surface-preparation principles. Workplace examples: Estimate/method; contour; pinholes and low spots; surfacer; wet/dry flatting; guide coat.		
K KNOWLEDGE Area 2	Explain masking, plastic, corrosion and contamination controls. Workplace examples: Shuts and trims; bumper adhesion; anti-corrosion primer; seam sealer; silicone, water and dust.		
S SKILL Area 3	Prepare and prime complex repairs to manufacturer requirements. Workplace examples: Filler shaping; primer application and flash-off; flatting; masking; edge protection.		
S SKILL Area 4	Inspect preparation quality and correct defects before refinishing. Workplace examples: Profile checks; contamination investigation; rework prevention; quality gate; records.		
B BEHAVIOUR Area 5	Work safely and methodically with materials, booths and panels. Workplace examples: Technical methods; booth loading; panel stands; storage; shelf life; waste controls.		
B BEHAVIOUR Area 6	Prevent rework through ownership, communication and improvement. Workplace examples: Plan the job; report issues; support the team; use feedback; evidence integrated preparation.		

START: What KSB experience do you already have?

START: Main development priority for this block

BLOCK 3 LEARNING IMPACT RECORD

Fillers, Primers, Masking and Corrosion Protection | KSB reflection and distance travelled | Complete after block training and assessment

Complete this page after training and assessment. Compare the START and END scores on page 1 and use real workplace or training evidence. Scores show distance travelled; they do not replace formal assessment decisions.

End-of-block reflection and evidence

What knowledge can you now explain, skills can you apply, and behaviours can you demonstrate that improved during this block?

Evidence example 1 - task, your role and result

Evidence example 2 - task, your role and result

Evidence references - for example job card, task, observation, photo, feedback or portfolio reference

Which area changed most, and why?

What still needs practice, support or assessment?

Workplace Mentor / GTA Trainer confirmation

- ☐ Evidence supports improved knowledge and understanding.
- ☐ Evidence supports safe and competent skill application.
- ☐ Relevant workplace behaviours are demonstrated consistently.
- ☐ Further practice, support or assessment is required.

Reviewer comments - confirm knowledge, skill and behaviour progress, relevant evidence and any limits to the judgment

Agreed next action(s), responsible person and target date
