Scenario

A repair has reached a quality gate and the apprentice portfolio needs evidence review. You must audit the repair record, identify evidence gaps and prepare corrective actions before final sign-off.

Objectives

- Audit a repair stage against quality and documentation criteria.
- Check that measurements, photos and job-card records are complete.
- Identify rework, missing evidence or portfolio gaps.
- Prepare an action plan to close evidence gaps.
- Demonstrate professional judgement and readiness for assessment-style tasks.

Materials you need at the workstation

- Completed job card or repair scenario
- Quality checklist, portfolio tracker and KSB map
- Measurement sheets, photographs and repair records
- Inspection lamp, straight edge and PPE where practical
- Assessor feedback and action plan template
