BLOCK 4 LEARNING IMPACT RECORD

Colour Theory, Paint Mixing and Technical Data

Weeks 43-56 | Months 11-14 | Knowledge, skills and behaviours reflection | Distance travelled | v2.1

Record details

Apprentice name

Employer

Workplace Mentor

GTA Trainer

Block start date

Block end/reflection date

Complete in two stages. At the start, discuss the six knowledge, skill and behaviour areas and enter only the START scores. At the end, enter the END scores. These plain-English areas support review and do not replace the formal KSB mapping or assessment record. Use: 1-2 little/no experience; 3-4 close support; 5-6 some support; 7-8 usually safe and consistent with limited support; 9-10 independent within role and able to explain/verify.

Block knowledge, skills, behaviours and scores

Score each area out of 10

KSB AREA	Block outcome and relevant workplace examples	START /10	END /10
K KNOWLEDGE Area 1	Explain colour theory, paint systems, variants and effect orientation. Workplace examples: Lighting; colour codes; solids; metallics; mica/pearl; three-stage; waterborne basecoat.		
K KNOWLEDGE Area 2	Explain formulas, ratios, volume calculations and digital colour tools. Workplace examples: Mixing scheme; scales; spray-out cards; spectrophotometer; tinting; VOC compliance.		
S SKILL Area 3	Identify, mix and verify colour using approved technical data. Workplace examples: Retrieve formula; calculate quantities; mix accurately; create and evaluate a spray-out card.		
S SKILL Area 4	Apply colour-match controls and make appropriate blend decisions. Workplace examples: Solid/effect orientation; reducers; blend area; adjustment limits; record results.		
B BEHAVIOUR Area 5	Protect safety, compliance, quality and environmental standards. Workplace examples: PPE and COSHH; accurate ratios; VOC control; escalate beyond competence; minimise waste.		
B BEHAVIOUR Area 6	Communicate colour-match issues honestly and learn from feedback. Workplace examples: Explain variants; manage expectations; support colleagues; improve portfolio evidence.		

START: What KSB experience do you already have?

START: Main development priority for this block

BLOCK 4 LEARNING IMPACT RECORD

Colour Theory, Paint Mixing and Technical Data | KSB reflection and distance travelled | Complete after block training and assessment

Complete this page after training and assessment. Compare the START and END scores on page 1 and use real workplace or training evidence. Scores show distance travelled; they do not replace formal assessment decisions.

End-of-block reflection and evidence

What knowledge can you now explain, skills can you apply, and behaviours can you demonstrate that improved during this block?

Evidence example 1 - task, your role and result

Evidence example 2 - task, your role and result

Evidence references - for example job card, task, observation, photo, feedback or portfolio reference

Which area changed most, and why?

What still needs practice, support or assessment?

Workplace Mentor / GTA Trainer confirmation

- ☐ Evidence supports improved knowledge and understanding.
- ☐ Evidence supports safe and competent skill application.
- ☐ Relevant workplace behaviours are demonstrated consistently.
- ☐ Further practice, support or assessment is required.

Reviewer comments - confirm knowledge, skill and behaviour progress, relevant evidence and any limits to the judgment

Agreed next action(s), responsible person and target date
