# TASK 3: EV, HYBRID, ADAS AND ALTERNATIVE FUEL PAINT SAFETY REFERRAL

Vehicle Damage Paint Technician Level 3 | Block 8 | v1.1

| TIME | EVIDENCE | PROGRAMME POINT |
|---|---|---|
| **60 minutes** | **Practical \| Knowledge \| Documentation** | **Weeks 101-114** |

## Your task

A modern vehicle is entering the paint process. You must recognise EV/hybrid, ADAS or alternative-fuel risks, identify safe paint-shop boundaries and record what must be referred before work continues.

## What you must do

1. Review the vehicle/scenario and identify EV, hybrid, ADAS or alternative-fuel indicators.
2. Check whether paint preparation, masking, booth bake or refinish work may affect systems.
3. Identify safe boundaries and any activity requiring qualified referral or calibration advice.
4. Record restrictions, heat controls, sensor protection and customer/workshop updates.
5. Explain the referral decision and evidence to the assessor.

## What good evidence looks like

### SAFE SETUP

Suitable PPE, a prepared work area and controlled vehicle, component or equipment.

### CORRECT METHOD

A logical sequence using the relevant procedure and technical information.

### ACCURATE EVIDENCE

Actual readings, findings and actions recorded clearly and precisely.

### SOUND DECISIONS

Appropriate recommendations, referral or authorisation supported by evidence.

## You will need

- Vehicle, training vehicle, photos or modern-vehicle scenario cards
- OEM information, warning labels and ADAS sensor location information
- EV/hybrid awareness guidance and PPE where appropriate
- Paint booth/cure temperature information
- Safety referral and job-card update sheet

### SOW ALIGNMENT

Block 8 - Emerging Technology, Specialist Surfaces and Sustainability
Duties: D1, D2, D5, D6, D9, D10 KSB evidence focus: K2-K5, K7-K9, S2, S3, S5, B1, B5-B7
Task reference: Block_8_Task_3_EV_Hybrid_ADAS_and_Alternative_Fuel_Paint_Safety_Referral

# TASK 3: EV, HYBRID, ADAS AND ALTERNATIVE FUEL PAINT SAFETY REFERRAL

Practical record

## Apprentice, location and vehicle details

**Apprentice name**

**Date**

**TASK COMPLETED AT** ○ APPRENTICE'S WORKPLACE ○ TRAINING CENTRE

**Vehicle make**

**Model**

**Registration**

**Mileage**

**Panel / repair area**

**VIN / chassis number**

## Measurements and technical checks

| | | | |
|---|---|---|---|
| System identified | | Warning label found | |
| ADAS sensor area | | Heat/cure restriction | |
| Referral needed | | Qualified person notified | |
| Masking restriction | | Evidence reference | |

**OEM data, sensor information, EV/hybrid guidance, heat limits or referral references**

## Task evidence

**PPE and precautions used**

**Safety-critical findings and immediate action**

**Work completed, findings and recommendations**

## Knowledge check

**1. Why must EV and hybrid systems be considered before paint-shop work?**

**2. How could booth bake or infrared curing create risk on some vehicles?**

## Knowledge check - continued

**3. (a) Why must ADAS sensor areas be identified before refinishing? (b) When should work stop and be referred to a qualified person?**

**4. How can masking or paint build affect sensors or calibration?**

**5. (a) Why should limits of competence be recorded? (b) What evidence would support your referral decision?**

## Assessor/Workplace Mentor observation

- ☐ Recognise visible signs of EV, hybrid, ADAS and alternative-fuel systems.
- ☐ Identify paint-shop operations that could affect sensors, batteries or safety systems.
- ☐ Apply safe awareness-level controls and stop-work/referral decisions.
- ☐ Record restrictions, warnings, heat/cure considerations and communication notes.
- ☐ Explain limitations of competence clearly and professionally.

**Assessor/Workplace Mentor observation notes**

## Decision and feedback

**Decision - select one**

◯ **PASS** ◯ **REFER**

**Evidence reference**

**Feedback and action required**

## Sign-off

Signatures confirm that this is the apprentice's own work and that the evidence and decision are accurate.

**Apprentice name**

**Assessor/Workplace Mentor name**

**Apprentice signature**

**Assessor/Workplace Mentor signature**
