| TIME | EVIDENCE | PROGRAMME POINT |
|---|---|---|
| **60 minutes** | **Practical \| Knowledge \| Documentation** | **Weeks 115-128** |

## Your task

A paint repair has developed additional information during the process. You must prepare a clear update for the customer/workshop, support the estimate or insurer record where appropriate and complete a quality handover.

## What you must do

1. Review the repair progress, evidence and any changes to the original job.
2. Prepare a clear customer or internal update using plain English.
3. Link paint findings to estimate, approval, supplement or insurer information where relevant.
4. Complete a quality handover note showing work completed and outstanding actions.
5. Record evidence, communication and assessor feedback for portfolio use.

## What good evidence looks like

### SAFE SETUP

Suitable PPE, a prepared work area and controlled vehicle, component or equipment.

### CORRECT METHOD

A logical sequence using the relevant procedure and technical information.

### ACCURATE EVIDENCE

Actual readings, findings and actions recorded clearly and precisely.

### SOUND DECISIONS

Appropriate recommendations, referral or authorisation supported by evidence.

## You will need

- Job card, estimate summary or repair scenario
- Photographic evidence, QA checklist and handover template
- Customer update script or communication log
- Labour/material guide or supplement template where used
- Portfolio evidence checklist
